**EXAMINER'S AMENDMENT**

1. Claims 1-6, 8-15, 17-18, and 20-27 are allowed.
2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 21, line 18, the term "to sustain the output power level" has been changed to "and to sustain the RF output power level".

3. The following is an examiner's statement of reasons for allowance: the prior art fails to show, teach, or suggest that a repeater or method comprising a downlink section and an uplink section, wherein at least one section of the downlink section and the uplink section comprises at least a power amplifier unit or a RF gain controller to sample, upon request, traffic load characteristics of an RF input signal during operation of a network associated with the repeater, to adjust a power level of an output signal by controlling the gain of the RF input signal by an attenuator based on the sampled traffic load characteristics, and to sustain the power level of the repeater substantially at a desired, predefined, level during operation of the network.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
